Meditrust Clinics

October 2026 MIS | Highlights through 30 October

31	5	48
Consultations	Daycare cases	Training sessions conducted

Clinical and service activity

Activity	October highlights
Patient services	31 consultations and 5 daycare service encounters
Clinical care	56 prescription lines and 25 investigation orders
Service and pharmacy value	₹17,392.02
Pharmacy operations	49 completed purchase receipts; 788 products with stock

Training and team development

48 sessions were conducted across 24 training days: 24 clinical sessions and 24 general/staff sessions.

Clinical learning covered chest pain, hypertension, stroke, respiratory care, antibiotic stewardship and case simulations. Staff training covered patient safety, emergency response, medication checks, day-care observation, pharmacy counselling and patient communication.

Marketing and community outreach

12,000 pamphlets distributed, supported by Facebook and Instagram content, paid social visibility and Google Business Profile engagement.

The month combined patient services, pharmacy operations, structured training and local outreach.

Service totals include user-confirmed additional activity. Service value includes the reported additional services and is distinct from cash collections. Software figures are through 30 October 2026, 13:18 IST.

Marketing highlights

October 2026 | Digital visibility and local outreach

12,000	2,44,327	4.9 / 5
Pamphlets distributed	Paid reach	Google rating

Digital activity

Activity	Reported result
Paid social advertising	₹9,775 spend; 5,12,098 impressions
Facebook and Instagram	45 posts published on each platform
Facebook video library	35 videos; 53,619 reported views
Video engagement	11,815 reported 75% video views
WhatsApp engagement	1,172 clicks
Featured introduction content	Dr Ruchi: 286 reactions; clinic: 201 reactions

Google Business Profile
