Meditrust Clinics
October 2026 MIS

Bioscape Healthspan Private Limited | Month to date: 1-30 October 2026, 13:18 IST

The report combines recorded software activity, user-confirmed missing services and conducted training. September salary and company P&L are included as historical financial context. The October month-end close remains pending.

Service activity

Measure	Recorded	Manual	Adjusted
Consultation encounters	19	12	31
Daycare service encounters	0	5	5
Total service encounters	19	17	36

The 12 additional consultations and five daycare cases are ₹500 each, adding ₹8,500. The software identifies 19 unique patients; the manual cases do not establish additional unique patients.

Billed value and collections

Income head	Recorded	Manual	Adjusted
Consultations	₹7,100.00	₹6,000.00	₹13,100.00
Daycare	₹0.00	₹2,500.00	₹2,500.00
Investigations	₹350.00	₹0.00	₹350.00
Procedures	₹50.00	₹0.00	₹50.00
Pharmacy	₹1,392.02	₹0.00	₹1,392.02
Total billed value	₹8,892.02	₹8,500.00	₹17,392.02

Cash ledger	Amount	Basis
Payments received	₹9,392.02	Payment-date ledger
Refunds paid	₹2,000.00	All recorded refunds retained
Net recorded cash movement	₹7,392.02	Receipts less refunds
Manual cash receipts	Unconfirmed	₹8,500 service value is not assumed collected

Billed value includes recorded GST of ₹66.29. Adjusted billed value excluding recorded GST is ₹17,325.73. Nine cancelled bills are excluded from billed value. One ₹500 September bill has two ₹500 refunds; the potential ₹500 excess is flagged for review.

Clinical and doctor MIS

Clinical documentation rates use only the 19 recorded October encounters.

Doctor-wise consultations and fees

Doctor	Recorded visits	Allocated visits	Total visits	Adjusted fee value
Dr Amit Agarwal	15	4	19	₹8,300.00
Dr Rensi	3	4	7	₹2,000.00
Dr Ruchi Patel	0	4	4	₹2,000.00
Unassigned	1	0	1	₹800.00

Manual consultations are allocated four each across the three distinct active Doctor names. This is an estimated reporting allocation. Dr Amit Agarwal's two exact-name profiles are grouped, preserving the original IDs. Daycare cases remain unassigned to doctors.

Recorded visit counts and bill lines measure different things. Fees use an explicit visit doctor where available, then the doctor named in the bill description. Generic fee descriptions remain unassigned.

Documentation and utilization

Indicator	Recorded visits	Rate
Chief complaint documented	15 / 19	78.9%
Structured symptoms documented	7 / 19	36.8%
Diagnosis documented	14 / 19	73.7%
ICD-10 coded visits	2 / 19	10.5%
Visits with prescriptions	15 / 19	78.9%
Any vitals documented	14 / 19	73.7%
Five core vitals documented	10 / 19	52.6%
Valid follow-up date	12 / 19	63.2%
Clinical advice documented	3 / 19	15.8%
Visits with test orders	9 / 19	47.4%

There are 18 first visits and one returning visit in the software registry. There are 56 prescription lines. Twenty-five test orders were dated in October; 23 are linked to the October encounter cohort. No results or integrated lab records were found in this application at cutoff.

Patient mix: 10 male and 9 female patients. Age is calculated at the encounter from DOB where available, otherwise registered age. Five core vitals means BP, pulse, temperature, respiratory rate and SpO2. One follow-up date predates its encounter and is excluded from the valid-date indicator.

Daycare clinical details, outcomes, complications, readmissions, wait times and satisfaction measures were not supplied. These are not reported as zero events.

Total indirect expenses	6.30	4.40	6.80	19.90
PBT	(6.34)	(4.39)	(6.81)	(19.90)

Source: P&L- Bioscape Healthspan Private Limited (2).pdf, page 1. Q1 indirect expense/PBT is ₹2.40 lakh. The September payroll file is ₹3.58 lakh versus the rounded ₹3.60 lakh employee-cost line. No unsupported allocation of company expenses to October clinic activity is made.

Funding context from the source PDF

Reported funding is ₹160 lakh: ₹100 lakh promoter loan and ₹60 lakh Biomap loan. Reported utilization is ₹109 lakh: equipment ₹6 lakh, infrastructure ₹64 lakh, expenses ₹21 lakh and deposits ₹18 lakh. The resulting ₹51 lakh residual differs from the stated ₹50 lakh bank balance by ₹1 lakh.

The source's October-March funding requirement is an approximate ₹300 lakh: capex ₹150 lakh, expenses ₹60 lakh, Biomap repayment ₹60 lakh and miscellaneous ₹30 lakh. Against ₹50 lakh bank funds, promoter funding is ₹250 lakh. These source estimates are not October actual expense entries.

Pharmacy and reconciliation

Financial, operational and data-quality matters to carry into the October close.

Pharmacy performance

Indicator	Value	Interpretation
Billed pharmacy sales	₹1,392.02	11 bills, 19 medicine lines
Recorded sales GST	₹66.29	Bill-level recorded GST
Sales excluding recorded GST	₹1,325.73	₹1,392.02 less ₹66.29
Completed purchase receipts	49	Receipt-date basis
Purchase value including GST	₹164,766.66	Purchases are not cash payments or COGS
Purchase taxable value	₹156,795.75	Recorded purchase value before GST
Purchase GST	₹7,970.91	Recorded purchase receipt GST
Missing historical sale-cost lines	5	Full pharmacy gross profit unavailable
Snapshot stock	788 products	Positive stock at the extraction snapshot

Known cost snapshots cover 14 sale lines. Their taxable sales are ₹1,009.93, cost is ₹981.89 and partial margin is ₹28.04. This is not total pharmacy margin. One October receipt for ₹7,928.02 has a September supplier invoice date. No October supplier debit notes were found.

Reconciliation and follow-up

Matter	Finding / treatment
Potential excess refund	Two separate ₹500 paid refund requests exist against one ₹500 September bill. Retain both in cash totals and verify the ₹500 potential excess.
Consultation billing	Nine cancelled bills excluded. Three active consultation lines have 100% discounts. Two recorded ₹300 fees are retained at actual value.
Missing links	28 of 29 OPD bills lack a visit ID. One of 19 visits lacks a doctor. Do not infer clinical revenue per visit from incomplete links.
Clinical documentation	Five visits lack a recorded diagnosis. One software upload-error message was saved as advice and excluded from clinical-advice coverage.
Training evidence	Conducted status is user-confirmed. Attendance, hours and competency scores are unavailable.
October closing inputs	Obtain October payroll/attendance, rent, utilities, other operating expenses, supplier payments and bank/cash reconciliation. Refresh after 31 October.

Seventeen workbook controls reconcile to the extracted records within rounding tolerance. Manual-count changes and blank-versus-zero cash inputs were tested. The source clinical and financial records were read only.
