Meditrust Clinics
October 2026 MIS

Bioscape Healthspan Private Limited | Operational and marketing highlights through 30 October 2026

October activity combines 31 consultations, five daycare service encounters, 48 conducted training sessions and digital and local marketing outreach. Clinical and billing figures use the 30 October, 13:18 IST software snapshot; marketing uses the supplied October report. September people costs and company expenses provide historical context.

Service activity

Measure	Recorded	Manual	Adjusted
Consultation encounters	19	12	31
Daycare service encounters	0	5	5
Total service encounters	19	17	36

The 12 additional consultations and five daycare cases are ₹500 each, adding ₹8,500 in reported service value. The software identifies 19 unique patients.

Billed value and collections

Income head	Recorded	Manual	Adjusted
Consultations	₹7,100.00	₹6,000.00	₹13,100.00
Daycare	₹0.00	₹2,500.00	₹2,500.00
Investigations	₹350.00	₹0.00	₹350.00
Procedures	₹50.00	₹0.00	₹50.00
Pharmacy	₹1,392.02	₹0.00	₹1,392.02
Total billed value	₹8,892.02	₹8,500.00	₹17,392.02

Cash ledger	Amount	Basis
Payments received	₹9,392.02	Software payment-date ledger
Refunds paid	₹2,000.00	Recorded refund transactions
Net recorded cash movement	₹7,392.02	Software receipts less refunds

Billed value includes recorded GST of ₹66.29. Adjusted billed value excluding recorded GST is ₹17,325.73. Cash totals above cover recorded software transactions; the ₹8,500 additional service value is reported separately from collections.

Marketing and community outreach

October digital activity and profile snapshot through 30 October 2026

Local outreach and paid visibility

Activity / metric	Reported result
Pamphlets distributed	12,000
Paid social advertising spend	₹9,775
Paid reach	2,44,327
Paid impressions	5,12,098
WhatsApp clicks	1,172
WhatsApp requests	3

Facebook and Instagram content

Metric	Reported result
October posts published	45 Facebook + 45 Instagram posts
Followers at the reporting snapshot	Facebook: 21 | Instagram: 83
Facebook video library	35 videos | 53,619 reported views
Reported 75% video views	11,815
Featured post reactions	Dr Ruchi introduction: 286 | Clinic introduction: 201

Google Business Profile engagement

Metric	October result
Profile impressions	625
Mobile Maps visibility	482 impressions (77% of profile impressions)
Other profile visibility	Mobile Search: 83 | Desktop Search: 38 | Desktop Maps: 22
Profile actions	112: 87 direction requests + 13 call clicks + 12 website clicks
Action rate	17.9% (112 actions / 625 impressions)
Customer reviews and rating	7 reviews received | 4.9 / 5 rating

Local pamphlet distribution complemented paid visibility, regular social content, video engagement and Google discovery. Doctor and clinic introduction content generated 286 and 201 reactions respectively.

Sources: user-supplied marketing report dated 30 October 2026; pamphlet distribution confirmed by the user. Video-library views and follower counts are reported snapshots. Posts are counted by platform.

Clinical and doctor MIS

Clinical documentation rates use only the 19 recorded October encounters.

Doctor-wise consultations and fees

Doctor	Recorded visits	Allocated visits	Total visits	Adjusted fee value
Dr Amit Agarwal	15	4	19	₹8,300.00
Dr Rensi	3	4	7	₹2,000.00
Dr Ruchi Patel	0	4	4	₹2,000.00
Unassigned	1	0	1	₹800.00

Manual consultations are allocated four each across the three distinct active Doctor names. This is an estimated reporting allocation. Dr Amit Agarwal's two exact-name profiles are grouped, preserving the original IDs. Daycare cases remain unassigned to doctors.

Recorded visit counts and bill lines are reported separately. Fees use an explicit visit doctor where available, then the doctor named in the bill description.

Documentation and utilization

Indicator	Recorded visits	Rate
Chief complaint documented	15 / 19	78.9%
Structured symptoms documented	7 / 19	36.8%
Diagnosis documented	14 / 19	73.7%
ICD-10 coded visits	2 / 19	10.5%
Visits with prescriptions	15 / 19	78.9%
Any vitals documented	14 / 19	73.7%
Five core vitals documented	10 / 19	52.6%
Valid follow-up date	12 / 19	63.2%
Clinical advice documented	3 / 19	15.8%
Visits with test orders	9 / 19	47.4%

There are 18 first visits and one returning visit in the software registry, with 56 prescription lines. Twenty-five test orders were dated in October; 23 are linked to the October encounter cohort.

Patient mix: 10 male and 9 female patients. Age is calculated at the encounter from DOB where available, otherwise registered age. Five core vitals means BP, pulse, temperature, respiratory rate and SpO2. The valid follow-up indicator counts dates on or after the encounter.

Training conducted

24 training days | 24 clinical sessions | 24 general/staff sessions | 48 sessions total

All sessions in the October schedule were conducted, as confirmed by the user. Each clinical or staff slot on a date is counted as one session, covering clinical protocols, patient safety, pharmacy practice and staff operations.

Date	Clinical session conducted	Staff session conducted
01-Oct	Chest pain	Biomedical waste segregation
03-Oct	Hypertension	Needle-stick injury
05-Oct	Stroke	Hand hygiene
06-Oct	Sinusitis	Basic life support & AED awareness
07-Oct	Rhinorrhoea	Fire safety & evacuation
08-Oct	Sore throat	OPD triage
09-Oct	Antibiotic stewardship	Peripheral IV cannula awareness
10-Oct	Nausea and vomiting	Spill management
12-Oct	Constipation	OPD emergency response & referral
13-Oct	Urinary tract infection	Patient identification
14-Oct	Lower back pain	Safe positioning and assisted transfer
15-Oct	Liver function tests	Medication administration checks
16-Oct	Cough	High-alert medicines awareness
17-Oct	Dyspnoea	Look-alike / sound-alike drugs
19-Oct	Abdominal pain	Injection and day-care observation safety
20-Oct	GERD	Fall prevention
21-Oct	Irritable bowel syndrome	Blood sample collection
22-Oct	Vertigo	Day-care quality indicators
23-Oct	Knee joint pain	ECG workflow
24-Oct	Myalgia	Patient reception and greeting
26-Oct	Case simulations: chest pain, stroke, dyspnoea	Patient communication and complaints
27-Oct	Case simulations: cough, abdominal pain, UTI	Pharmacy safety and counselling
28-Oct	Case simulations: joint pain, vertigo, GERD	Vitals, documentation, confidentiality and discharge
29-Oct	Clinical SOP quiz and referral review	Practical drills and monthly assessment

People and financial context

September actuals are retained in their source period. Amounts are INR unless marked lakh.

September payable salary and consultant fees

Person	Type	Role	September payable
Ritesh Kumar Patel	Employee	Front Desk	₹21,000.00
Khushali Kikani	Employee	Front Desk	₹21,000.00
Muskan Tosavada	Employee	Staff Nusre	₹20,000.00
Dr Rutvik Patel	Employee	MO	₹60,000.00
Kinjal Patel	Employee	Pharmacist	₹17,500.00
Ilaben Jitendrakumar Solanki	Employee	Pharmacy Assistant	₹11,000.00
Dr Swetank Anand	Consultant	Clinical Protocol Consultant	₹125,000.00
Dr Amit Agarwal	Consultant	Physician	₹45,000.00
Dr. Rensi Rathod	Consultant	MD Pediatrics	₹37,500.00

September payable totals ₹3,58,000: ₹1,50,500 for six employees and ₹2,07,500 for three consultants. All supplied payable amounts reconcile to monthly salary ÷ 30 × pay days. The full monthly rates total ₹5,14,000; this is a reference rate, not October payroll expense.

Bioscape historical company expenses

INR lakh	July	August	September	YTD September
Employee cost	0.40	0.60	3.60	4.60
Rent and electricity	2.60	2.60	2.60	7.80
Other administrative	3.30	1.20	0.60	7.50
Total indirect expenses	6.30	4.40	6.80	19.90

Source: P&L- Bioscape Healthspan Private Limited (2).pdf, page 1. Q1 indirect expense is ₹2.40 lakh. The September payroll file reports ₹3.58 lakh, consistent with the rounded ₹3.60 lakh employee-cost line. These figures retain their historical company-level reporting period.

Funding context from the source PDF

Reported funding is ₹160 lakh: ₹100 lakh promoter loan and ₹60 lakh Biomap loan. Reported utilization is ₹109 lakh: equipment ₹6 lakh, infrastructure ₹64 lakh, expenses ₹21 lakh and deposits ₹18 lakh. The source also reports a ₹50 lakh bank balance.

The source’s October-March funding requirement is an approximate ₹300 lakh: capex ₹150 lakh, expenses ₹60 lakh, Biomap repayment ₹60 lakh and miscellaneous ₹30 lakh. Against ₹50 lakh bank funds, promoter funding is ₹250 lakh. These source estimates are not October actual expense entries.

Pharmacy and service operations

October pharmacy activity and operational delivery

Pharmacy performance

Indicator	Value	Interpretation
Billed pharmacy sales	₹1,392.02	11 bills, 19 medicine lines
Recorded sales GST	₹66.29	Bill-level recorded GST
Sales excluding recorded GST	₹1,325.73	₹1,392.02 less ₹66.29
Completed purchase receipts	49	Receipt-date basis
Purchase value including GST	₹164,766.66	Recorded receipt totals
Purchase taxable value	₹156,795.75	Recorded purchase value before GST
Purchase GST	₹7,970.91	Recorded purchase receipt GST
Active catalogue	790	Active medicine products
Snapshot stock	788 products	Positive stock at the extraction snapshot

Purchases are reported by receipt date; stock figures reflect the extraction snapshot. Sales, inventory purchases and recorded cash collections remain distinct measures.

October delivery highlights

Area	Activity delivered
Consultation and daycare	31 consultation encounters and five daycare service encounters, including user-confirmed additional activity.
Clinical documentation	14 visits with recorded diagnoses, 15 with prescriptions and 56 prescription lines.
Training	48 conducted sessions across 24 dates, combining clinical and general/staff topics.
Pharmacy operations	49 completed purchase receipts, 19 billed medicine lines and 788 products with positive snapshot stock.
Digital marketing	45 Facebook and 45 Instagram posts; reported paid reach of 2,44,327 and 5,12,098 impressions.
Local outreach	12,000 pamphlets distributed; 87 Google direction requests, 13 call clicks and 12 website clicks.

Report basis: Meditrust application records, user-confirmed additional services and training, supplied marketing figures, September salary workbook and the Bioscape financial statement. Doctor/date allocations for the additional consultations are reporting estimates.
